Sahil Lokre
Navi Mumbai, India | +91 - 7021759016 / +91-7219177099 | sahil.lokre.05@gmail.com | LinkedIn

Professional Summary:

Market Research professional with 3+ years of experience in primary and secondary research, competitive intelligence, market assessment, pricing analysis, and data analysis across consumer, food and beverage, technology, and industrial sectors. Experienced in conducting expert interviews, analysing market trends, validating secondary findings, and translating qualitative and quantitative data into actionable insights. Skilled in competitive benchmarking, consumer research, and developing client-ready reports and presentations.

Professional Experience:

Analyst – Business Research | AGR Knowledge Services | Sep 2025 – Present

- Conducted primary and secondary research across technology, data centres, steel, construction machinery, cookware, and food and agriculture markets to assess industry trends, competitive landscapes, and business opportunities.
- Analysed government reports, official datasets, industry publications, and other secondary sources to establish market baselines and derive industry insights.
- Structured and analysed EXIM and other market data in Excel to identify import-export trends and support market assessments.
- Conducted primary research through expert interviews, respondent calls, and survey-based research to gather on-ground market intelligence and validate secondary research findings.
- Synthesised research findings and quantitative analysis into client-ready PowerPoint presentations and research outputs supporting project updates and business assessments.

Senior Analyst – Research and Consulting | Nextyn Advisory, Mumbai | Sep 2024 – May 2025

- Conducted primary and secondary research across product categories, covering market assessment, competitive benchmarking, shelf-share analysis, pricing dynamics, and market positioning.
- Analysed market size, consumption patterns, purchasing behaviour, pricing trends, and emerging product developments to identify market opportunities and competitive dynamics.
- Executed price benchmarking and competitor analysis to evaluate pricing gaps, product positioning, and key cost drivers across categories.
- Conducted expert interviews and client discussions to gather market intelligence, validate findings, and align research with client requirements.
- Coordinated with global ground teams to collect and validate market intelligence on retail execution, pricing, and competitive activity across markets.
- Synthesised qualitative and quantitative findings into client-ready reports and presentations supporting pricing, product placement, and market-entry decisions.

Direct Marketing Specialist | Future Bridge s.r.o. (Remote) | May 2024 – Sep 2024

- Conducted company and contact research across European renewable energy sectors using LinkedIn and secondary research sources.
- Supported business development through prospect research, contact-data verification, and targeted email outreach aligned with event objectives and target audiences.

Market Research Intern – Beauty and Personal Care | Futurebridge Technologies (Remote) | Aug 2023 – May 2024

- Conducted secondary research across beauty and personal care markets, covering product categories, ingredients, sustainability trends, and emerging market developments.
- Developed company profiles and competitive intelligence using Crunchbase, ZoomInfo, TRXCN, PitchBook, and LinkedIn to assess market participants and industry developments.
- Synthesised research findings into PowerPoint presentations highlighting market dynamics, competitive landscapes, and emerging ingredient trends.

Technical Analyst | FDA Maharashtra, Mumbai | Dec 2022 – May 2023

- Conducted analytical testing using HPLC, dissolution, disintegration, and UV-spectrophotometry in accordance with established SOPs and quality standards.

Intern | FDA Maharashtra, Mumbai | Jul 2022 – Aug 2022

- Supported laboratory quality analysis through analytical testing and sample handling using HPLC, dissolution, and disintegration techniques.
